PATENT

## IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant: Richard R. Coleman (deceased) Examiner: Gartenberg, E.  
 Patent No.: 6,848,249 Group Art Unit: 3746  
 Issue Date: 02/01/2005 Attorney Docket No.: COLENG.P01D1

Title of Invention: Coleman Regenerative Engine with Exhaust Gas Water Extraction

Seattle, Washington 98109  
 February 20, 2007

Attn: Certificate of Corrections Branch  
 TO THE COMMISSIONER OF PATENTS  
 PO Box 1450  
 Alexandria, VA 22313-1450

**REQUEST FOR CERTIFICATE OF CORRECTION PURSUANT TO  
 37 C.F.R. 1.322**

Upon reviewing the claims, the patentee's attorney noted that the following typographical errors were made by the Patent and Trademark Office, which should be corrected as follows:

In column 3, line 14 of the Patent, change "an" to -in--.  
 In column 5, line 45 of the Patent, change "desirable" to --desirably--.  
 In column 7, line 1 of the Patent, change "An" to --A--.

As to the above-described errors, a review of the Preliminary Amendment filed with the Patent and Trademark Office on 8/19/2004 confirms that the errors were made by the Patent and Trademark Office in the printing of the patent since the specification was allowed without the above-described typographical errors first being entered by the Patent and Trademark Office.

Attached is form SB-44, as required. Since this error for which a Certificate of Correction is sought is a result of a Patent and Trademark Office mistake, no fee is due (35 U.S.C. §254).

Respectfully submitted,

*Patrick Michael Dwyer*
